"From start to finish the whole process was made so easy, from making enquiries at the wedding show to initial follow up enquiry via the website and eventually the booking process. I had to make little contact with them to get the job done which made my life and run up to the wedding so much easier and to turn up on the day and see the fab result was fantastic and everyone commented on how good the floor and lighting looked. Brilliant company."

"Matt and the team at venue lighting did an amazing job in helping to make our wedding day amazing. They were easy to deal with and helpful with their advise and it made the whole process really easy. We were delighted with the lighting and the twilight backdrop and it truly made the room look amazing. They also provided our aisle runner at a very reduced price. The total cost was very reasonable and overall we were very happy with the end result!!!! :)"

"Matt and his team are the most professional company I have dealt with while organising my wedding. His suggestions and advice were spot on! The dance floor and backdrop plus the up lighters in my venue made the room look beyond amazing, every guest said it was the best wedding they have been to and the dance floor was full all night. Matt even came to collect it at 2 am in the morning so the venue could be ready for 8am the next day to start setting up for lunch."

Mrs Sandy Meyer (Taylor)

"Wedding Venue Lighting supplied our dance floor and back drop at our wedding which looked stunning. Guests loved the sparkly dance floor particularly and many commented on it. It was certainly well used. We dealt with Matt who was very organised and replied to emails in a timely manner. He did a great job and could not have asked for a better service! Thank you."

Mrs Tracey Lillystone

"Matt and the team were extremely helpful, having approached him with my vision rather than asking for exacts he took what I was asking for and created exactly what I was hoping for on the day. We had the illuminated letters (T&N) as well as coloured up-lighters for the room, he was keen to ensure the effect was his priority and not just me spending as much money as possible with them, so much so that he requested a lower number of up-lighters due to room size etc. It was perfect."

"I saw similar lighting at a wedding fair, I loved the products but didn't think much of the pushy people trying to secure a booking so I chose to research other suppliers myself. Customer service was key for me and these guys were outstanding. Even a courtesy text on the day to advise that everything was set up and to wish us well. A reassuring touch that you can't put a price on."

Mrs Nicola Weedall (Mills)
